

The Heavy Construction Contractors Association

To Whom It May Concern;

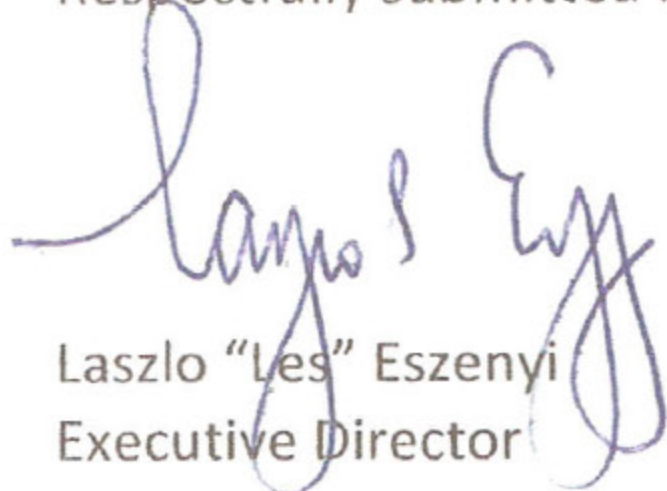

September 15, 2010

It is my pleasure to recommend Ms. Patrice DeHaven of Carried Away Gifts for consultation and production of gift baskets for any occasion and for any application. My personal and professional relationship with Patrice showed me that she is a can do lady, with out of the box thinking for events and celebrations. Our annual silent auction generates revenue for charitable donations where we give back to the community and Patrice was ready willing and able to help. The auction raised \$8,000 last year. At our ribbon cutting ceremony in February of 2009, also found Patrice donating a beautiful gift basket as a door prize and she stayed to network with the Mayor of Manassas as well as other dignitaries in order to help our Association. No job is too small or too large or too complicated for Patrice. Her products are made from first class materials and reasonably priced and always delivered on time to meet the client's expectations.

Our motto is "We Dig Virginia" and without hesitation "Patrice said I'll make a gift shovel", and she did, and the new company member firms love it. Our professional relationship is relatively young, however, I feel like it will last a long time.

Without hesitation I would recommend Patrice for the Small Business Award for Loudoun County as well as to any Company or individual in need of her services and guarantee her professionalism, quality of work and reasonability of price.

Respectfully submitted by,

Laszlo "Les" Eszenyi
Executive Director
